WAY!**

Tia is gearing up for its next project launch this summer, and we took a preparatory trip this March, setting the stage for success. To help serve our communities better, **we have taken on another education partner. The Universidad del Valle de Mexico (UVM)** is one of the country's leading universities and shares Tia's commitment to self-development, economic growth and common well-being. This June, they will be joining us in San Juan de los Lagos to bring health care to a new collection of villages.

To diversify Tia's fundraising efforts **we have joined the world's largest platform for positive social impact: Classy.org.** With this powerful new

tool, we can take our fundraising to the next level, but we need your help. You will be receiving a link in your email inbox to Tia's Classy page where you can help people who need it most by donating, inviting friends to join the cause or creating and customizing your own crowdfunding page. Why not do all three? Some donors are even **asking friends and family to donate** on their behalf as a

birthday or holiday gift. The campaign is ending soon, so take action and give these families the tools to succeed.

Join us this fall for Bandid! Our second charity concert to raise money for a great cause with the help of local phoenix

bands, businesses and people like you! This is going to be an event you won't want to miss; it will be open to the public, so bring all of your fun loving friends. **More details to come!**
